~~Good~~ Great catch Julie! I will check in with the organizers. I will likely list you as a POC for the project.

**Importance:** High

Is she aware of the I-270 Corridor Improvements Project and related EA? We just got an invitation for the latest I-270 AQ IAC meeting for the project to get an update on that particular component...and hopefully updates to modeling...for April 4, 2022. Obviously that is a big issue but given her background she is likely very aware 😊 Just a thought...
